

AI Disclosure Form

Last updated: 28 August 2024

Before filling out this form, **please review the specific purposes** for which your professor permits the use of Artificial Intelligence (AI) in this assignment. Then, **use this form to detail where and how you, individually or as a team, used one or more AI tools as part of your coursework**. Not disclosing AI use with your assignment could be considered an Academic Integrity violation in line with your professor's, Kogod's, and AU's policies.

Course Number & Section:

Professor:

Term:

Name of Student (if a Team, list all student's names):

Name of Assignment:

Name of Generative AI (GAI) platform and any other AI tools used:

Check the boxes here that apply:

- ☐ I did not use any AI Tools in this assignment
- ☐ Brainstorming – Generate ideas for your topic or examples list
- ☐ Initial Structure – Helping with an outline or thesis statement
- ☐ Research – Suggest relevant resources or summarizing existing research
- ☐ Writing – Assist in drafting sections of the paper or the intro/conclusions -**You must cite this in the assignment**
- ☐ Technical Explanations - Provide clear summaries of complex theories
- ☐ Review and Revision – Offer constructive advice on early drafts, checking for gaps in logic, vagueness, or repetition
- ☐ Editing/Proofreading – Identify and correct grammar errors; suggest improvements for readability
- ☐ Formatting and Style – Help with proper citation formats
- ☐ Programming/Coding – Creating or revising programming language content, such as R or Python. This includes translating code between programming languages.
- ☐ Data Visualization – Assist with creating charts, graphs, or other visual elements. **You must cite this in the assignment**
- ☐ Other (describe a use not listed above):

Complete the following sections, below, if your Instructor requests this additional information.

If the AI platforms used allow for unique URLs (web links), include copies of the web links here.

In the space below, explain any additional detail, if requested by your professor, about your use of AI. *This may include descriptions of prompts used or what you did with the content provided by the AI platforms*
